It has been so lovely watching the Queen's Diamond Jubilee in recent days.

Whether you are a royalist or not it is nice to see something positive on the news. I have loved watching the celebrations - the river boats, the carriages, the concerts, her clothes and of course her dazzling jewels.

I have also listened to what the people have said about the Queen. The comment that has been repeated many times is that life is ever changing. Governments come and go and the Queen has been a stable force for 60 years. They like having a familiar face leading them and guiding them. That is one of the most exciting things about being a Christian!

"Jesus Christ is the same **yesterday, today and forever.**" Hebrews 13:8.

He is **always** with us - through the good times and the bad. Also we have the promise of eternal life with the King of Kings which will be far better than living in Buckingham Palace because even "The great street of the city was of gold, as pure as transparent glass." Rev 21:20 Wow!

The Queen has reasons to celebrate, but as Christian's *so do we.*
